- Take ownership for carrying out the majority of the training;
- Be responsible to the Airport Manager for overall safety on the ramp and ensure that all incidents are reported promptly;
- In conjunction with the Airport Manager you will be responsible for ensuring that all preventative and reactive maintenance is performed in accordance with Skystar standards for all ramp equipment;
- Achieve agreed operational targets and ensure that completed work meets client expectations, contract requirements and Skystar standards;
- You will also be capable of performing the duties of a Ramp Services Operator, which includes baggage make up services, loading and unloading of cargo and baggage, toilet and water services, cabin services (aircraft cleaning and cabin dressing), departure services (push back), administration services.

What skills and qualifications do you require?

- Certificate IV in Training and Assessment (or equivalent);
- Dangerous Goods Awareness training (will be provided by Skystar);
- Experience in the aviation or ground handling industry will be highly regarded;
- Sound computer skills;
- Valid Driver's Licence.

What can we offer you?

- The opportunity to be part of a dynamic organisation;
- All training provided; and
- The ability to make a difference.

All applications will be treated in the strictest confidence.
